COVID-19 Vaccine Update – 12/10/2020

COVID-19 vaccines will be administered per guidelines set forth by the CDC and Iowa Department of Public Health. Phase 1-A persons eligible will include: “Paid & unpaid persons serving in healthcare settings who have the potential for direct or indirect exposure to patients or infectious materials. Long Term Care Facility (LTCF) residents and staff.” Doses of the vaccine will slowly be allocated to each county in the state and Public Health departments will be working with groups who meet this definition to make sure vaccine is prioritized appropriately to LTC residents & healthcare staff who are most vulnerable. As the state moves to additional phases of vaccine priority groups we will be providing more information on our Facebook page, website

https://www.buchanancounty.iowa.gov/services/public_health/COVID19.php & with our media partners.
